**Subject:** Meeting in Mansfield, LA, Wednesday, June 20, at 1:00 pm  
**Date:** 07/13/2011 04:51 PM

---

Hello to all,

I have confirmed that the DeSoto Parish Police Jury will be able to host our meeting next week to discuss the upcoming prospective field study of a gas well to be drilled by Chesapeake Energy. Their location is:

DeSoto Parish Police Jury  
101 Franklin Street  
Mansfield, LA 71502  
(318)872)0738

They are the only tenant in the building, so just go in and ask for the meeting. Our participants will include representatives of the LDNR's Office of Conservation, the LDEQ, the DeSoto Parish Police Jury, Chesapeake Energy, and EPA.

I will be sending more information about an agenda as I get it, hopefully later this week.

Thanks,

Mike
